UNION

HAND-ROASTED
COFFEE

We ethically source some of the best coffee on the planet through a network of regional roasters who in turn give back directly to the very communities with which they trade.

Camino is our house blend, single origin espresso from the Jaen region of Northern Peru.

Sourced direct from 72 individual smallholders and farmers, and roasted in small batches in East London by award-winning Union Hand-Roasted Coffee, Camino is aimed at those wanting a cup of coffee that delivers real quality while making a material difference to the lives of people who need it most. Delivering a deliciously sweet espresso with a fully transparent supply chain, Camino – Spanish for Path, Journey – brings to life our long-term journey with our farmer partners in Jaen.

OUR TEA

Far from being a run of the mill cuppa, The London Tea Company have been blending, brewing and drinking teas since 2003 and are determined to spread the word on how great tea can be. They've developed an exciting range of teas and herbal infusions that are packed with flavour.

The London tea Company source all their teas honestly and know where it's been from bush to cup. On top of that they're fully Fairtrade and free from artificial flavourings, colourings and preservatives dedicated to reducing their environmental footprint through selecting their teas and extracts from trusted partners.
